

## DR. CHRISTEN EVERETT

*Assistant Superintendent of Student Services*

Dr. Everett has been named the next Assistant Superintendent of Student Services for the Excelsior Springs School District. She is currently the Principal at Excelsior Springs High School.

Dr. Everett has been in education for 20 years, all of which have been at Excelsior Springs High School. Throughout that time she has served as a Journalism, English, and Speech teacher for 10 years, before transitioning to Intervention Coach, and then an Assistant Principal. She has spent the last four years as Principal of the High School.

In her new position, Dr. Everett plans to utilize expertise in Behavioral and Academic Interventions district-wide. She plans to help support all classroom teachers from the ECC through the high school in establishing solid classroom procedures that can help support their general curriculum, as well as the special education curriculum. Dr. Everett understands that there isn't a "one-size fits all" approach to education. "I love to help teachers and parents support their students, no matter what that looks like for each individual student," Dr. Everett shared.

"I am very excited to continue my leadership growth in this district. I truly feel like this is my home and even though I am sad to leave my role at the high school which I have loved so much, I feel like I will be able to make an even larger impact from the district level." Everett said. "I am so proud of the progress our District has made over the last several years, and can't wait to see where we will be in the next five to 10 years. We have the most student-centered group of teachers and administrators I have ever worked with, and with students at the heart of every decision, we will continue to increase the opportunities for our students to be successful."
